LIFE CHIROPRACTIC COLLEGE WEST ENROLLMENT WORKSHEET

Directions: Please use this worksheet to determine if your completed or planned coursework will meet the 2013 Life West admissions standards. This worksheet is self-directed and will not replace the official evaluation of transcripts which will be done by the Life West transcript analysis team upon receipt of your application and official transcripts.

LIFE & PHYSICAL SCIENCE COURSES:

24 semester hours are required (labs are required with at least half the courses).
Please list all 100 level and above classes which are related to sciences (if uncertain which classes qualify as a science, please see list on pre-requisite sheet).

Course Title	Grade Point	# of Credits
TOTALS:	A1	A2	A3

ALL OTHER COURSES:

List all other courses of 100 level or above which were not used in the science section above.

Course Title	Grade Point	# of Credits
