

# PHILOSOPHY CHAIR

As Life West grows we have students who need the guidance and mentorship of experienced chiropractors who are passionate about making chiropractic philosophy real and relevant for the modern chiropractor. shaping the future of chiropractic.

## Job duties include:

- Hiring and training philosophy faculty who will also lead and build powerful chiropractors
- Coordinating philosophy curriculum with other disciplines such as basic sciences and clinics
- Providing leadership in curriculum for philosophy and success in chiropractic practice
- Development of the business curriculum and business institute

**We are looking for people with real world skills, who can teach Life West students to communicate chiropractic with authority and find their own voice.**

This position offers incredible opportunities to make a difference for chiropractic students that will affect millions tomorrow. It takes an extraordinary person to change lives this way but we are looking for just that person. See the link below for a full job description and send inquiries to the Life West Human Resources Department.
