

**LIFE CHIROPRACTIC
COLLEGE WEST**

**LCCW: MSDI/DACBR Residency
Program Job Offering**

ELIGIBILITY

To become a resident, an applicant shall:

- A. Complete the application process.
- B. Earn prior to beginning the residency program a DC degree from a chiropractic college accredited by the Council on Chiropractic Education with a minimum GPA of 3.0.
- C. Be eligible for or hold a California license to practice chiropractic. If the applicant does not have a California license at the time they enter the program, it must be obtained within the first six months of the program. If a California license is not obtained within the first six months of the program, the resident will be subject to termination from the program.
- D. Be eligible for or hold a California X-ray Supervisor Permit. If the applicant does not have a California X-ray Supervisor Permit at the time they enter the program, it must be obtained within the first six months of the program. If a California X-ray Supervisor Permit is not obtained within the first six months of the program, the resident will be subject to termination from the program.
- E. Have earned a CGPA of at least a 3.0 in the chiropractic program radiology courses, without receiving any grade lower than a "B" in any radiology course.
- F. Submit three professional letters of recommendation with one from a certified specialist in chiropractic radiology (D.A.C.B.R.).

LCCW: MSDI/DACBR Residency Program Job Offering

APPLICATION PROCEDURE

Applicants should review the Residency Handbook and understand the requirements of entry into the program as well as the requirements to complete the program. The following requirements must be met for effective processing of the candidate's application.

Applications are due by JUNE 1st of calendar year (extended to JULY 15th for 2019).

Start Date FALL Quarter (early October)

Essay

Please respond to each of the following questions. Be concise. The committee is interested in your motivations and reasons for becoming a chiropractic radiologist and your short and long term goals.

1. Why do you want to be a DACBR?
2. What strengths do you bring to this program and how will they advance the program during your time with us?
3. What are your goals during and after completion of this program?
4. How do you see the specialty of chiropractic radiology advancing the chiropractic profession?

Curriculum Vitae/Resume

Original, official transcripts from the applicant's DC program

Contact Information for three professional references:

1. Radiology department chairperson or equivalent from applicants' alma mater
2. DACBR faculty member
3. Faculty member from a department other than radiology.

To date completed NBCE exam scores: Official transcripts

SELECTION PROCESS

The Residency Committee is established to interview and select residents. This Committee consists of the following:

Director of MSDI (Chair Committee)
Vice President of Academic Affairs
Chairperson, Department of Clinical Sciences
Two DACBR Teaching Faculty
One Health Center Faculty

The Residency Committee will review all applications and make a determination on those that will be interviewed. The initial interview may be in person or conducted electronically for those at a distance.

Following the initial interview, successful candidates will be invited to campus for a second interview.

The second interview will include:

- A. On-campus interviews with Residency Committee Representatives
- B. An evaluation of the candidate by the director of MSDI with diagnostic images.
- C. A written examination

LCCW: MSDI/DACBR Residency Program Job Offering

Having completed all of the above, the residency committee shall review applicants and make a recommendation based on the consensus of the committee.

Official notification shall be in writing, but candidates may also be notified electronically. Once the official letter is received, the candidate will have ten working days to respond.

If the candidate fails to respond the committee reserves the right to offer the open position to the next qualified candidate from the original pool.
